while the war on terror has been america s largest and most publicized attempt to root out foreign enemies this century the quest to identify and destroy real or imagined threats to national security has long been a part of us history indeed since the onset of the united states overseas empire at the dawn of the twentieth century it has pursued enemies in places of strategic interest around the globe the remote islands of the philippines the us southern border hemispheric hot spots in central and south america and the greater middle east the common depiction of these kinds of foes private actors who did not formally represent the countries they fought for has maintained a remarkable consistency over time the only difference is that enemies who used to be called bandits then are now more often referred to as terrorists the widespread use of such terms which connote an illegitimacy of both cause and means also has served to blunt deeper considerations of us foreign engagements drawing on six case studies michael e neagle spotlights the commonalities of how the united states has leveraged popular understandings of bandits to justify incursions abroad as well as rally popular and political support at home

cuando la desaparición del libro físico sea inminente las reliquias en los museos sean devoradas por el fuego censor y de la arqueología de la lectura no quede nada yo atesoraré aún más esta saga de antologías del grupo ta li u m no por mi nombre como editor sino porque el genio de la literatura le permitió a cada autor cuestionamientos y transformaciones de algunas realidades en ficción desde ese ilusorio universo en sus mentes con versos o tramas para enfrentarse a un tiempo de injusticias muerte y desinformación los doce trabajos poéticos dan cuenta de introspecciones recreadas en múltiples ámbitos de la cotidianidad los veinte narrativos apuntan a secuencias que
