24 aug 2020 one of the default parameter to the print function is end n so what that means is by default python inserts a newline right after your print statement most of the time this is handy and

you can t really just end and end doesn t really equate to a newline end actually means that you want a space after the end of the statement instead of a new line character

16 juli 2023 1 in python 3 x the end is used to place a space after the displayed string instead of a newline please refer this for a further explanation
