the 30 000 bequest and other stories 1906 is a collection of thirty comic short stories by the american writer mark twain the stories contained span the course of his career from advice to young girls in 1865 to the titular tale in 1904 although twain had ample time to refine his short stories between their original publication date and this collection there is little evidence to suggest he took an active interest in doing so

in these four stories written between 1900 and 1902 Joseph Conrad bid gradual farewell to his adventurous life at sea and began to confront the more daunting complexities of life on land in the twentieth century. In *Typhoon*, Conrad reveals the steadfast courage of an undemonstrative captain and the imaginative readiness of his young first mate. The differences between instinct and intelligence in a partnership vital to human survival. *Falk*, the companion sea story, contrasts as Conrad once put it, common sentimentalism with the frank standpoint of a more or less primitive man, a man with a conscience however about the girl he desires. In one of the land stories, Conrad explores the utter isolation of an East European emigrant in England. In the other, the plight of a woman ironically trapped by the unwitting alliance of two retired widowers, each blind in his own way.

Turning her back on what is considered conventional, Makhosazana Xaba engages with her subject matter on a revolutionary level. In *Running* and other stories, she takes tradition to be that literary tradition, cultural tradition, gender tradition, and reimagines it in a way that is liberating and innovative, bracketed by Xaba's revisitings of Can Themba's influential short story. The suit, the ten stories in this collection, while strongly independent, are in conversation with one another, resulting in a collection that can be devoured all at once or savoured slowly, story by story, by reenvisioning the ordinary and accepted. Xaba is creating a space in which women's voices are given a rebirth.

I guess, in truth, Reno by the Lake is my autobiography. Light the material is indeed autobiographical in that little has been gleaned from any outside source and it is definitely light both in serious content and the serious nature often portrayed by an autobiography. So read on just for fun. Reno Beach was a magical place in the 1920s, 30s, 40s, and 50s, a resort town that never really quite reached its prime. It had, however, attained great stature in the hearts and minds of all it entertained, especially in the imagination of a young boy who could see adventure even in the smallest buttonhole or banal blemish in his mind. A vegetable garden became a wilderness, a plantation, an overturned rowboat became a fortress, a pirate's treasure cave, or a magician's maudlin mansion. A willow tree, only recently uprooted by the wind and waves of an angry, possessive lake, trying desperately to reclaim its own, this became the perfect home for Tarzan Jimmie of the Apes. The fact that I'm even writing this book belies the fact that the place and that little boy still live, if only in my imagination. The stories you're about to read are about that small waterfront community just east of Toledo, Ohio, on the western end of Lake Erie, and how its life, death, and frequent revitalizations affected the life of one small boy, namely me. The stories are absolutely true, except as altered by an aging memory, wishful thinking, and delusions of grandeur, not necessarily in that order, and they represent some of the very best days of my life. I've been told that it's good to share your very best. I hope you enjoy reading my stories nearly as much as I enjoyed living them. The writing's been fun, too. Some names and places may have been altered to protect the innocent and/or the guilty, but not many. Some may also be changed just because I've forgotten or don't really know what I'm talking about. Please forgive me. Many may recognize themselves, a friend or family member, in some of these stories, and each one probably deserves whatever treatment or attention they received, either good or bad. This book is intended to be a bathroom book. This is not a negative for those unable to grasp this creative terminology. I provide the following explanation in the form of a prescription: take in small doses, continuous exposure could be hazardous.

to your health and could lead to an abrasive situation requiring an immediate application of preparation h this does not imply that either you the reader or the writer is full of anything should you disapprove of any of the material in this book please feel free to remove the offending pages and put them to better use right there in the reading room solving the problems of the moment i m sure you understand enjoy life is short don t waste it on seriousness
