analyze the controversial side of indira gandhi s political legacy with indira files offering a critical examination of her leadership and policies i have always felt that indira gandhi is the exceptional and foremost example of the dynastic politics of independent india she is a perfect example of dynastic rule on one hand she is called the iron lady on the other hand people pay tribute to her dictatorship for imposing emergency in the country where on one hand indira gandhi carved her name in golden letters in indian history by dividing pakistan into two on the contrary she has also endured the slogans like sanjay ki mummy badi nikammi for blindly loving her son like gandhari loved duryodhana nonetheless we cannot forget that it was indira gandhi who gave wings to india s strength and courage by conducting the nuclear test however she was also the prime minister for whom the high court issued orders to be removed from her office in fact indira gandhi is merely a symbol of dynasty politics the point here is to remind the young people that they cannot strive for ideal politics by idolising those who have flourished through family inheritance of post or position in today s scenario there are numerous political parties that operate under a single family s control although i hold great admiration for indira gandhi however her darker side is perhaps more prominent hence i believe that young aspirants who are interested in politics can learn valuable lessons from this book on what not to do
