written with rare mastery and a sure sense of the essential this concise general history of modern east asia offers students and general readers an understanding of this dynamic region from a global perspective it is the ideal introductory text for college survey courses in asian and international studies following an introductory discussion of the regional concept the first two chapters lay the foundations chapter 1 describes east asia s geographical human cultural economic social and political setting as it has evolved over the past several millennia and the three major belief systems confucianism buddhism and islam chapter 2 presents a panoramic view of the region ca 1800 the chapter introduces the dramatis personae the chinese japanese koreans vietnamese thai burmese indonesians filipinos and others and describes their interactions with each other and with imperial china the following three chapters deal with european expansionism and east asians responses to the civilizational challenge the stirrings of nationalism in reaction to european colonial rule and the remarkable rise of imperial japan chapters 6 and 7 trace japan s bid to lead a pan asianist revolt against the twin threats of western liberalism and soviet communism and the ensuing pacific war chapters 8 and 9 span the cold war era from postwar u s hopes for a pax americana to the division of east asia into communist and anti communist blocs the sino soviet split and the sino american rapprochement of the early 1970s open the way to the east asian miracle and a resurgence of east asian regionalism surveyed in chapter 10 a concluding chapter considers the prospects for continued economic dynamism and

the balance of nationalism and pan asian trends in shaping the future

histories of east asia traditionally emphasize china and japan and neglect korea and vietnam essentially 20th century east asia is re written into the past as though china and japan was always the core of east asian development this is not at all how east asia developed chinese prehistoric cultures became historic in the 18th century b c japan was not part of east asia for over 2300 more years by studying periods of chinese unity and disunity and their effects on china s neighbors korea and vietnam a distinct culture zone east asia gradually emerged and slowly included japan the main elements of east asia cultural social political philosophical religious and linguistic were derived from china but the others were not minor replicas of china each was unique its people ethnically distinct from china and each other its native language and linguistic blend with chinese also unique korea and vietnam resisted chinese colonization but adopted and adapted advance chinese elements to their own needs emerging later japan underwent wholesale adoption of tang china s advances replicated in the 19th century when japan was the first east asian country to modernize spanning some thirty eight centuries from the 18th century b c to 2012 a d this diversity with common elements derived from china is a major theme of this work it is often overlooked by those who prefer general views based on surface impressions to more complex realities the former often lead to mistakes the latter become the basis for more sound understanding after all these four countries and people share the eastern end of the eurasian continent yet each country s geographic situation is also unique as the twenty first century continues to unfold this new approach to east asia should help to produce clearer and more accurate understanding of this important world region

modern east asia details the history of the region while recognizing the intellectual religious artistic economic and scientific contributions east asians have made to the contemporary world the three national narratives of china japan and korea are told separately within each chapter and the text emphasizes connections among them as well as the unique evolution of each society allowing readers to experience the individual countries histories as well as the region s history as a whole the text takes into consideration the radical changes in the field of history in the past 40 years as the authors have incorporated scholarship in areas such as gender studies social history and minority histories while reading social economic and personal histories students will uncover the evolution of family structures peripheral and outcast communities the sociopolitical power of language and literature the rise of nationalism and regional trading networks attention is also paid to environmental and diplomatic themes

this accessible collection examines twelve historic events in the international relations of east asia

home to a rapidly rising superpower and the two largest economies in the world after the us a global east asia is seen and felt everywhere this dynamic text views the global square from the perspective of the world s most important rising global center east asia s global impact is built on a dizzying combination a strong and deep civilizational self consciousness fused with hypermodernity wealth influence and power which have made the region a beacon for the world and an alternative to the west short accessible essays by prominent experts on the region cover the core of east asian japan china and korea as well as mongolia and taiwan topics include contemporary culture artistic production food science economic development digital issues education and research and international collaboration students will glean new perspectives about the region using the insights of global studies

throughout his distinguished career rhoads murphey has advocated an appreciation of the rich and unique aspects of asian history making his text an unparalleled success spanning the histories of china japan korea vietnam and parts of southeast asia east asia a new history furthers students knowledge by covering a breadth of topics including everyday life the environment and women in asian history book jacket

this innovative volume provides an introduction to twelve seminal events in the international relations of east asia prior to 1900 twelve events that everyone interested in the history of world politics should know the east asian historical experience provides a wealth of new and different cases patterns and findings that will expand horizons from the western eurocentric experience written by an international team of historians and political scientists these essays draw attention to the china centered east asian order with its long history of dominance and what this order might tell us about the current epoch

written by top scholars in the field east asia a cultural social and political history 3e delivers a comprehensive cultural political economic and intellectual history of east asia while focusing on the narratives and histories of china japan and korea in a larger global context full color inserts on such topics as food clothing and art objects illustrate the rich artistic heritage of east asia a range of primary source documents spotlights women s independence students turned soldiers and other stirring issues while intriguing biographical sketches throughout highlight the lives of popular figures and ordinary people alike important notice media content referenced within the product description or the product text may not be available in the ebook version

this text offers students a fresh comprehensive multidisciplinary entry point to east asia after a brief introduction to the study of east asia the early chapters of the book survey the essentials of east asian history and offer an overview of the region s languages economic development and global connections the second half of the book features interdisciplinary case studies that explore key aspects of the cultural economic and political life in specific countries

an overarching ambiguity characterizes east asia today the region has at least a century long history of internal divisiveness war and conflict and it remains the site of several nettlesome territorial disputes however a mixture of complex and often competing agents and processes has been knitting together various segments of east asia in remapping east asia t j pempel suggests that the region is ripe for cooperation rather than rivalry and that recent region building developments in east asia have had a substantial cumulative effect on the broader canvas of international politics this collection is about the people processes and institutions behind that region building in it experts on the area take a broad approach to the dynamics and implications of regionalism instead of limiting their focus to security matters they extend their discussions to topics as diverse as the mercurial nature of japan s leadership role in the region southeast asian business networks the war on terrorism in asia and the political economy of environmental regionalism throughout they show how nation states corporations and problem specific coalitions have furthered regional cohesion not only by establishing formal institutions but also by operating informally semiformally or even secretly

focusing on the role of the tribute system in maintaining stability in east asia and in fostering diplomatic and commercial exchange kang contrasts this history against the example of europe and the east asian states skirmishes with nomadic peoples to the north and west although china has been the unquestioned hegemon in the region with other political units always considered

secondary the tributary order entailed military cultural and economic dimensions that afforded its participants immense latitude europe's westphalian system on the other hand was based on formal equality among states and balance of power politics resulting in incessant interstate conflict

east asia is normally identified as a group of countries lying along the western edge of the pacific ocean but scholars have begun thinking about a east asia that is a community rather than a set of sovereign states this book looks at east asia from a northeast asian perspective

this clear and timely book presents the first sustained and structured analysis of globalization in the east asian context exploring the strategies used by east asian countries to cope with the forces of globalization eschewing both neoliberal hyperglobalization chants and neorealist globaloney castigation the authors integrate a broad conceptual framework with region and country specific case studies specifically the book poses and addresses three major questions about east asia's globalization first it identifies the range of contending conceptualizations of globalization that have underpinned the region's changing and contradictory views in the 1990s second the book critically probes the discrepancy between promise and performance the myths and realities of east asian globalization and the complex interaction of challenges and responses third the authors evaluate the impacts and consequences of globalization for east asia's political economic social cultural ecological and security development these questions clarify the often murky nature challenges responses and consequences of globalization especially in light of the asian financial crisis and moves toward recovery

a collection of research on migration diet and health in the past across a culturally complex region bioarchaeology of east asia integrates studies on migration diet and diverse aspects of health through the study of human skeletal collections in a region that developed varying forms of agriculture east asia's complex population movements and cultural practices provide biological markers that allow for the testing of multiple hypotheses about interactions in past communities exploring the interplay between humans and their environments this volume considers millet agriculture mobile pastoralism with limited cereal farming and rice farming in combination with reliance on marine resources many of these rare subsistence strategies are more or less exclusive to east asia these advanced contributions will significantly boost collaborative work among bioarchaeologists and other scientists working in the region a volume in the series bioarchaeological interpretations of the human past local regional and global perspectives edited by clark spencer larsen

updated annually east southeast asia provides just enough historical background on the evolution of modern east southeast asia to help students gain a thorough understanding in one semester of contemporary developments in this vital region broad introductory regional and comparative chapters are followed by distinct sections on each country in the region the combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students now in its 51st edition the content is thorough yet perfect for a one semester introductory course or general library reference available in both print and e book formats and priced low to fit student and library budgets

east asia is one of the world's most dynamic and diverse regions and is also becoming an increasingly coherent region through the inter play of various integrative economic political and

socio cultural processes fully updated and revised throughout this new edition explores the various ways in which east asian regionalism continues to deepen the second edition has been expanded to incorporate coverage of significant issues that have emerged in recent years including growing tensions in the region over maritime territory and historical issues competing regional free trade agreement negotiations the impact of the global financial crisis on financial co operation and engagement with global governance obama s pivot to asia and developments in us relations with east asia the influence of new technology and social media on micro level regional relations the growing importance of new diplomacy issues such as energy security climate change food security and international migration key pedagogical features include end of chapter study questions case studies that discuss topical issues with study questions also provided useful tables and figures which illustrate key regional trends in east asia extensive summary conclusions covering the chapter s main findings from different international political economy perspectives east asian regionalism is an essential text for courses on east asian regionalism asian politics and asian economics

china and east asian strategic dynamics the shaping of a new regional order edited by mingjiang li and dongmin lee examines how china s remarkable economic growth and its proactive diplomatic efforts in recent years have not only shored up its importance in global issues but also induced a transformation of the strategic dynamics in east asia the authors argue that major power relations in the region appear to be driven by some new momentum along with the changing international environment the contributors of this edited volume are well known scholars in their areas of specialty and the book is divided into five parts the first part discusses china s soft and hard power in east asia the second examines china and the strategic interactions between major powers this particular section is devoted to discussion on the strategic responses of the major regional powers the united states japan korea india and asean to china s rise part three focuses on china s strategic approach to east asian regionalism of particular note are china s active leadership role in institution building efforts strategic calculations and preference for an informal approach the fourth section analyzes the cross taiwan strait relations and their impact on both china and east asia the final section of china and east asian strategic dynamics addresses the issue of china and maritime order in east asia china and east asian strategic dynamics the shaping of a new regional order edited by mingjiang li and dongmin lee is a pioneering work given that the rise of china is a prominent issue in politics and economics worldwide this edited collection is essential for a wide audience of policy makers academics and students alike

this book presents a deeper understanding of the on going de facto economic integration in east asia looking at the extent of economic integration what sort of integration has been accomplished and comparing the level of integration reached and the path followed to that of the european union
