publisher description

innovation of food products in the halal supply chain worldwide covers the fundamentals and food guidelines of halal food production unlike other texts on the halal food market and halal certification this book promotes halal product innovation by presenting exciting newly developed ingredients that are substitutions of non halal ingredients with halal alternatives such as lard substituted with modified vegetable fats pig with halal goat beef camel fish gelatin collagen alternative meat substitute or even additives innovations in halal processing technologies cover the latest techniques in halal production and authentication halal tracking traceability in halal transport and logistics a vast area at the end of a supply chain all chapters are written by acknowledged experts in their field thus the book brings together the top researchers in this essential topic of importance to a huge percentage of the world s population helps readers understand the advancement of available halal substitutes and replacers offers tools to enhances product sustainability and food security through innovation

fosters innovation in food science with alternative halal ingredients

food sovereignty is an emerging discourse of empowerment and autonomy in the food system with the development of associated practices in rural and some urban spaces while literature on food sovereignty has proliferated since the first usage of the term in 1996 at the rome food summit most has been descriptive rather than explanatory in nature and often confuses food sovereignty with other movements and objectives such as alternative food networks food justice or food self sufficiency this book is a collection of empirically rich and theoretically engaged papers across a broad geographical spectrum reflecting on what constitutes the politics and practices of food sovereignty they contribute to a theoretical gap in the food sovereignty literature as well as a relative shortage of empirical work on food sovereignty in the global north much previous work having focussed on latin america specific case studies are included from canada norway switzerland southern europe uk and usa as well as africa india and ecuador the book presents new research on the emergence of food sovereignties it offers a wide variety of empirical examples and a theoretically engaged framework for explaining the aims of actors and organizations working toward autonomy and democracy in the food system

a guide to the press of the united kingdom and to the principal publications of europe australia the far east gulf states and the u s a
